Ol' Blood-n-Gutz "Patent Pending"

An Onboard or Fish Station Cleaner/Degreaser

#699

DESCRIPTION

Ol' Blood-n-Gutz is a heavier-duty specialty formulated concentrated foaming blood-n-guts degreaser cleaner, designed to easily clean fish prep areas onboard sport fishers, fish cleaning stations, and commercial fishing boats. Ol' Blood-n-Gutz even works on dried incrustations from baked conditions caused by sunlight or ignored conditions.

DIRECTIONS

Pre-rinse surface to be cleaned, and then apply, preferably with hot water. Pre-Spot soil stains with Ol' Blood-n-Gutz full strength, or with diluted 1:1. Then apply Normal dilutions are: HEAVY SOIL- 1 oz Ol' Blood-n-Gutz: 10 oz water. MEDIUM SOIL-1:20, LIGHT SOIL-1:30. On carpet run extractor with scrub feature, if so supplied. Rinse well to eliminate residue, reduce re-soiling and remove any and all odors. Let dry thoroughly with a carpet dryer. The low-foaming formulation rinses easily and quickly. For interior use without an extractor, apply solution, brush in with a stiff push broom, wet dry vac up, and rinse. Wet dry vac to dry.

Ol' Blood-n-Gutz can be used in automatic wash systems onboard, rinse stations, exit chutes, and in processing facilities too and detail operations as well. Hook up to your feed line and use at 1:5-1:25. Decreased amounts of rinse water may be necessary due to increased efficiency of Ol' Blood-n-Gutz.

PROPERTIES

Specific gravity..... 1.125	Water solubilityComplete
Density 8.65 #/gal	pH 11.9 +/- .5
Odor	Color Light Purple
Boiling Point 212 F	

For additional precautions please see the MSDS.
